

## A-frames — Portable Displays

### A-FRAME POLYSIGNS

- Light-weight, high-density, polyethylene construction.
- Attractive white-stipple finish, eliminates rust, chipping, splinters, discoloration and maintenance.

#### SIMPOSIGN

- Simply flame-treat or wipe the sign face with alcohol and apply your digital print.
- Can apply cut-vinyl to background-color directly onto the 22" x 28" image area then add your text and graphics.

DESCRIPTION	ID#
34"H X 23"W WHITE	.35779

#### QUIKSIGN

- Quickly-change sign faces without screws or fasteners.
- Double-sided sign blanks yield four 18" x 24" messages per QuikSign.

DESCRIPTION	ID#
31"H X 26"W WHITE	.35780

### MISCELLANEOUS HARDWARE

#### HINGE HANDLE 330

- Designed for A-Frame sandwich signboards.
- Made of nylon with a 5 year warranty.
- Allows the signboards to rotate 330° so all four sides can display signage.
- Display 2 completely different messages with only one sandwich sign.
- Also doubles as a handle to carry the sign around.

**NOTE:** For A-Frames up to 24" wide, use the 12" hinge; for 23"-26" wide use the 16" hinge; for A-Frames 48" wide use two 12" hinges.

DESCRIPTION	ID#
330 12" (4 TABS REQUIRES 4 TEE-NUT SETS)	.20639
330 16" (8 TABS REQUIRES 8 TEE-NUT SETS)	.20640

#### SIGN FEET

- Raises sign 1 1/2" off the ground protecting bottom from moisture and dirt.
- Rubber pad gives the board a non-slip feature on concrete and slippery floors.
- Sign Feet can be installed on 3/8" or 1/2" board with staples or small screws.

DESCRIPTION	ID#
PACKAGE OF 4	.34660

#### TEE-NUT & SCREWS

- Installs quickly and easily for that clean-finish, professional look. Pre-drill 1/4" hole.
