When placing your order through our web store, please follow these simple steps to attach cuts to your substrate orders. If you don't currently have access to our web store visit www.productsignsupplies.com to learn how or turn to page ----- of this catalog.

Once you have entered the material requiring cuts into your cart:

- Up in the search field on your cart page enter .442 for boards sheets saw cuts.
- Enter the item into your cart.
- Determine the amount of pieces needed to be cut, subtract 1 and enter that amount in the qty field. (Example: if you want 10 pieces cut to 18" x 24" with rounded corners, enter the qty 9.)
- In the line item comment field enter your cut sizes. Example: 10) 18" x 24". If there will be remaining material after your cuts, please note the words +drop after them. It is important to place your requested cuts under the substrate it pertains to.
